SKILLS

- **Libraries/Framework:** React, Redux, Next.js, Angular, Node.js, Webpack, Jest, Tailwind.
- **Programming Languages:** HTML, CSS, Javascript, Typescript, C++ (OOPS).
- **Tools/ Other :** Data Structure and Algorithms, PWA, Responsive Design, Prompt Engineering, Rest API, VS Code, Figma, Spline, Blender, Github, Agile, Scrum, Azure Devops.

EDUCATION

JSSATE, Noida, Uttar Pradesh   2016 — 2020
Computer Science and Engineering   Overall GPA: 8

Kendriya Vidyalaya, Basti, Uttar Pradesh
X and XII   10 CGPA and 95%

EXPERIENCE

Kongsberg Digital   Bengaluru, KA
Software Engineer   Jan '22 - Present

- Developed a module in React.js using Context API, AntD, Recharts.js, and Tailwind CSS, resulting in a 30% improvement in performance.
- Optimized load time of the module, reducing it by 40% and enhancing user experience.
- Implemented a redesigned UI/UX, resulting in a 20% increase in user engagement.
- Actively gathered and analyzed client requirements, providing valuable inputs that led to a 15% increase in client satisfaction.
- Collaborated with the business team to align development efforts with the organization's strategic goals, resulting in a 10% increase in project efficiency.
- Led a team of freshers in successfully delivering the module within the specified time-frame, ensuring on-time project completion.
- Acted as a key point of contact for client communications, facilitating effective client collaboration and ensuring client expectations were met.
- Contributed to the continuous improvement of development processes, implementing best practices and tools that led to a 25% reduction in bug occurrences.

Newgen   Noida, UP
Software Engineer   Aug '20 – Jan '22

- Developed and maintained responsive web applications using React, resulting in a 20% increase in website performance and a 30% reduction in page load times.
- Implemented efficient and reusable components using React and other UI libraries, resulting in a 25% increase in code reusability and a 40% reduction in development time.
- Collaborated with designers, backend developers, and other stakeholders to ensure seamless integration of front-end and back-end components, resulting in a 50% reduction in bugs and errors in the development process.
- Researched and recommended new technologies and tools to enhance development workflows and improve user experience, resulting in a 15% increase in user engagement and a 20% increase in website traffic.
- Actively participated in team meetings and provided technical guidance and support to junior developers, resulting in a 30increase in productivity and a 50% reduction in time spent on code review and debugging.

ACHIEVEMENTS

SnackDown, Quarter Final   2019
IntraCollege, Coding Competition   1st Rank
Codechef, October Challenge - 2019   161st Rank
ProCon, IIIT Delhi   312nd Rank
